The success of the Duluth Senior Recreation Program is due, in part, to the Senior Programs Advisory Board. This board consists of senior representatives from each of the senior centers, as well as at-large members. This group meets five times yearly.

During these meetings, seniors work with staff in the planning and implementing of the recreation program. In addition, they do extensive fundraising to help subsidize the cost of events that are offered to program participants. Serving the program in this capacity is an excellent opportunity to use your talents – and broaden your horizons – well beyond retirement!

MEMBERSHIP:

Individuals who are interested in senior recreation programming may join as a representative for your senior center or just volunteer to serve on the board as an at-large member. Members need not be formally appointed.

Meetings: January, March, May, September, and November on the 2nd Monday

9:15 AM - Central Hillside Community Center - 12 East 4th Street
